

SIGNATURE

5.4#

SIGNATURE 5.4# provides broad spectrum weed control in both conventional & Roundup Ready® cropping systems. Developed to meet the ever evolving market demands, SIGNATURE 5.4# provides a higher active loaded Glyphosate, treating more acres with less reloads.

FEATURES & BENEFITS

- Higher load, more concentrated formulation that treats more acres per gallon with less need for reloads
- Broad spectrum control of annual & perennial weeds
- Excellent crop safety on all Roundup Ready crops when used as directed
- Very compatible providing flexibility with tank mixes
