

SIGNATURE

ACCEL 7-23-5.5% ZN

SIGNATURE Accel 7-23-5.5% ZN is a premium starter fertilizer that contains a high percentage of ortho phosphate for immediate plant availability. Accel also includes zinc, which plays a key role in chlorophyll production, carbohydrate metabolism and cell elongation, which impacts leaf size and early ear development.

FEATURES & BENEFITS

- High ortho starter blend to ensure a highly available form of phosphorus to help promote even emergence and early season vigor
- Zinc essential for photosynthesis process as well as auxin production, which increases root production
- Seed safe formulation that allows for flexible application of both in-furrow and 2 x 2 applications.

FORMULATION

Product
7-23-5.5% Zn

LABELED CROPS

Field Crops: Corn, Soybeans, Sugar Beets

Small Grains: Barley, Oats, Rice, Wheat

Other Crops: See Label

USE RATE: 2.5-5 gallons/A

APPLICATION: In-furrow

PACKAGE SIZE:

250's
Bulk

ACTIVE INGREDIENT:

Derived from: anhydrous ammonia, phosphoric acid, potassium hydroxide, urea, and zinc.

DENSITY: 11.4 lb/gal
